“ I just found out today that Louie had passed. I was blessed to have known and worked with him at the nichel plant. I will never forget his smile and all the good times we had when we worked together. Please except our deepest sympathy from the General Electric workers and management. God Bless Dale Lucas

“ *Louis was such a great man to work with who always made things easier for the rest of us. Not a complainer but one who had that 'can do' attitude and with a wealth of knowledge and experience he could do practically anything asked of him. I enjoyed talking with him and his wry humor. He will surely be missed by a great number of people. He is due a rest and I am sure our Father in Heaven has provided it now. Randy Hyatt - Recently retired from Special Metals (the Nickel Plant)*

“ *Kay, and the entire family...I am thinking of you, Kay, especially. Your friendship during our high school years, our laughter together, and your marriage to Louie...and much more. I am so moved by this passing...we are all witnessing our mortality and finding the strengths within ourselves and our friends and family to walk through these challenges. My heart goes out to you, Kay, and all.*

“ I can only hope that when I pass so many are so sad to see me go. Louie was like no other. I am proud to say I was one of the girls he rooted on for the many sports Kat and I played together. I was also the child at concession he so graciously gave money to so I could eat that corn dog at practice (and he never made it obvious). He never saw anything but innocence in us kids and he loved us all the same no matter where we came from. He rooted for all of us. Not just in ball, but in life. Love you Kat. Love your entire family. I'm praying for peace and healing during this difficult time, but also thanking God I had a chance to really know your daddy. Kim
