“ My deepest condolences to the family of Bill. I actually had the opportunity to speak to him on the phone within the last 30 days, it was the first time that I had ever talked to him during his time with our company, Amedisys.

We are remote employees, who primarily maintain relationships with each other via email and instant messaging. I feel so blessed to have had an actual conversation with this kind soul. Although we were discussing work stuff, Bill referred to me as a friend at the end of our conversation, and those words meant a lot to me on that day. I pray that the memories of Bill will help the family during this time of grieving. God Bless!

“ Praying for peace, strength and comfort through this difficult time unexpected loss. I worked remotely with Bill and he was the nicest person and it was so clear how much he loved his wife, children and grandchildren.

We chatted several times weekly about work but would also chat about life at times and hoped to meet sometime since we both live in Ohio. Through our chats it was so evident his love for God family life and nursing. Heaven gained a wonderful angel but he will sure be missed. You and your family are in my prayers.

“My deepest condolences to the family of Bill. I worked Remotely with Bill, but I was one of his Ohio buddy's. We chatted about Southeast Ohio alot. He was such a kind and caring person- always willing to help others. He always showed his love for God and his family through our interactions - whether it was a chat, email, or virtual meeting. He will be greatly missed by many. My thoughts and prayers are with your family.
